DR. J. COLLIS BROWNE'S CHLORODYNE

THE ORIGINAL AND ONLY GENUINE.

Advice to Invalids.—If you wish to obtain quiet, refreshing sleep, free from headache, relief from pain and anguish, to calm and assuage the weary achings of protracted disease, invigorate the nervous media, and regulate the circulating systems of the body, you will provide yourself with that marvellous remedy discovered by Dr. J. Collis Browne (late Army Medical Staff), to which he gave the name of CHLORODYNE and which is admitted by the profession to be the most wonderful and valuable remedy ever discovered.

CHLORODYNE is the best remedy known for Coughs, Consumption, Bronchitis, Asthma.

CHLORODYNE acts like a charm in Diarrhœa, and is the only specific in Cholera and Dysentery.

CHLORODYNE effectually cuts short all attacks of Epilepsy, Hysteria, Palpitation, and Spasms.

CHLORODYNE is the only palliative in Neuralgia, Rheumatism, Gout, Cancer, Toothache, Meningitis, &c.

From Symes & Co., Pharmaceutical Chemists, Medical Hall, Simla, January 5th, 1880. To J. T. Davenport, Esq., 33, Great Russell street, Bloomsbury, London. Dear Sir,—We embrace this opportunity of congratulating you upon the wide spread reputation this justly esteemed medicine, Dr. J. Collis Browne's Chlorodyne, has earned for itself, not only in Hindostan, but all over the East. As a remedy of general utility, we much question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are happy to say, are now relegated to the native bazaars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances ad infinitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhœa and Dysentery, Spasms, Cramps, Neuralgia, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Choleraic Diarrhœa, and even in the more terrible forms of Cholera itself, we have witnessed its surprisingly controlling power. We have never used any other form of this medicine than Collis Browne's, from a firm conviction that it is decidedly the best, and also from a sense of duty we owe to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a DELIBERATE BREACH OF FAITH ON THE PART OF THE CHEMIST TO PRESCRIBER AND PATIENT ALIKE. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britain, His Excellency the Viceroy's Chemists.

CAUTION.—Vice Chancellor Sir W. Page Wood stated that Dr. J. Collis Browne was undoubtedly the Inventor of Chlorodyne, that the story of the defendant Freeman was deliberately untrue, which he regretted to say, had been sworn to.—See "Times," July 13, 1864.

Sold in bottles at 1s. 1½d., 2s. 9d., 4s. 6d. and 11s. each. None is genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Caution.—Beware of Piracy and Imitations.

Daily Colonist.

TUESDAY MORNING, OCT. 25TH, 1881.

MR. W. HARRISON

Is the only person at Yale who is authorized to receive Subscriptions for the DAILY and WEEKLY COLONIST.

L. P. FISHER, Advertising Agent, 21 Merchants Exchange, San Francisco, is authorised to receive advertisements for the columns of this paper.

THE RIGHT AND THE WRONG OF IT.

Mr. DOCKSTEADER, of Maple Ridge, on behalf of himself and other settlers in that locality in bringing before the public through the columns of the *Herald* a statement of their grievances has acted in a public-spirited and fearless manner which should find many imitators. Most persons have an unaccountable dislike of seeing their names in print. They will spin statements of their grievances by the yard; buttonhole the unfortunate editor in his sanctum and harrow his gentle soul with a woeful tale of governmental neglect, hypocrisy and doubledealing; they will take up his precious time on mail days, and send him home to a cold dinner, weary and sick at heart because of the wickedness of the James Bay triplets, and when he proposes to insert the tale of suffering with their names attached as a guarantee of its correctness, they are met with the remonstrance, "Oh! dear no! It would never do to publish my name. I should become a mark for the malevolence of the government and my business would be ruined. I really must protest against the use of my name under any consideration. It's all true, you know, what I've told, but really, you know, etc., etc.," and the visitor bows himself hurriedly out of the office, content to live on and suffer wrongs at the hands of the government which he has not the pluck to lay before the country over his own signature. Sometimes a man is found who, like Mr. DOCKSTEADER, does not stand in awe of the government, and who does not throw upon the editor the entire responsibility of making known a story of outrage, spoliation or indifference of which personally he has no knowledge. Such a man ought to be prized in any country. He knows his rights and dares to maintain them through the medium of a public journal. He tells the country that, in common with several other families there, he settled at Maple Ridge, having first received a pledge from the government to provide educational facilities. At the end of three years the district is still unprovided with a school. Forty-three children are growing up in ignorance, and he and those in whose name he writes propose to sell out their holdings and leave the country. This is a serious matter. A portion of the population, readymade to the country's hands, with sufficient means to pay their way into the country and to purchase and work farms upon their arrival, are leaving the province because of the indolence, breach of faith and indifference of the local government. The country cries aloud for population. Labor is scarce. Farm products are still imported from a foreign state, and the government sit unmoved at the spectacle of a score of valuable settlers preparing to abandon the country because the government will not fulfil a most important and necessary pledge. In the publication of his letter Mr. DOCKSTEADER has acted rightly. He has shown a spirit of independence. He has braved the government. As we have already remarked, he ought to have many imitators. But upon his declaration of intention to leave the country he cannot be complimented. He and his friends have invested their means amongst us. They have given the best possible guarantee of an intention to remain in the province by bringing their families along with them. And now they talk of going away; of selling out at a pecuniary sacrifice and shaking the dust of the province from their feet. Do they forget that the outrage they have sustained lies within the constitution to redress? In preparing to leave they are acting wrongly. They are forgetful of a duty they owe to themselves and to the people with whom they have cast their lot. It is their duty to remain, to qualify themselves as voters and to assist in returning members to the next legislatrue who will insist upon the government acting in a spirit of honor and fairness towards them. Maple Ridge! Why that is the home of Mr. HARRIS, M. P. P.,—the gentleman who abandoned the opposition for the fleshpots of the government, and who did not even stipulate as the price of his political recreancy for the establishment of a schoolhouse in his district. Mr. DOCKSTEADER and his friends hold the remedy in their own hands and they should stay and apply it. When Mr. HARRIS stands for re-election he should be defeated. He has richly earned the most scorching and severe rebuke that it is possible for a constituency to administer. He know his duty but he did it not. Therefore, condemn him to remain at home. He makes excellent cheese, as we can testify, but he makes mouldy laws, and he should not be suffered to regain a position which he has forfeited by a disgraceful abandonment of principle and a neglect of his constituents and neighbors.

CHATHAM, Oct. 11. — The stage driver on the route between here and Rondeau, named Little, absconded last night with a package of money, which he was entrusted to deliver to the Merchants' Bank here, by Messrs. Jackson & Fuller, bankers of Blenheim. The package contained $1,500.

KINGSTON, Oct. 11.—The Government have made overtures in regard to the graving dock here, and possibly a joint stock company will be formed and the work be proceeded with. The dock will cost $70,000. If the present dock cannot be obtained a new site will be chosen.

QUEBEC, Oct. 12.—Mr. A. H. Murphy, M. P. P. for Quebec, has commenced an action against Mr. Alexander Wood for the recovery of amounts alleged to be due from certain land speculations; whereupon Mr. Wood turns around and sues Mr. Murphy for sitting in the Legislature without the necessary qualifications.

Count de Puyzalon and M. Gautier, who lately left Quebec fishing, are not drowned, as was reported. Their boat upset, but a schooner bound for St. Pierre was at hand and rescued them.

A son of Mr. Morgan, bookbinder, of this city, employed as a messenger in the office of the Quebec Gas Company, was this morning playing with his revolver when it went off, shooting him in the stomach. He died ten minutes later. The boy was aged 14 years.

ERIN, Oct. 10.—On Sunday morning Mr. R. Wood, of the firm of R. & J. Wood, merchants, and postmaster at this place, was thrown from his buggy, and received injuries of such a nature that it was deemed advisable to amputate one leg a short distance above the ankle. He is at present doing well.

LONDON, Oct. 10.—While fooling with a loaded pistol yesterday, a youth named Frank Keeler received a bullet in his thigh. He will recover.

Mrs. John Parkinson, a lady of eighty years of age, while crossing the Great Western track this afternoon, was knocked down by a backing train, and had both legs taken off. She cannot recover.

KINGSTON, Oct. 10.—George Amey, a brakesman in the employ of the Grand Trunk, lost his life yesterday morning while engaged in his duty near Rideau station. The down freight leaving Kingston at 12.30 stuck at the grade, and it was determined to take her to the next station in two parts. While Amey was uncoupling the cars for this purpose he fell between them, and was run over. He was not missed for ten minutes, when search was made, and his body fearfully mangled and cut was found bleeding on the track. Another track which had followed closely the previous one had also run over him, inflicting additional injuries on the dying man. His left leg was severed from his body, the right foot smashed to a pulp, on his forehead were deep and fatal bruises, and his body was terribly mangled. No inquest will be held. The deceased was unmarried, and 22 years of age. His mother resides in the West.

HALIFAX, Oct. 9.—Last evening a young man named Archibald Luke, returning from McNab's Island in charge of his father's steam launch, on which was a pleasure party, took hold of the tiller to change the boat's course. As the tiller did not work easily he gave it a strong pull, when the handle broke and the launch rolling a great deal in the heavy sea which was running at the time he was precipitated into the water. A young brother of Luke's who was on board immediately unfastened the small boat to row to his assistance, and had got within ten feet of him when the unfortunate man threw up his arms with a cry and sank.

MONTREAL, Oct. 9.—The defalcation of Mr. Charles E. Bourne has so far reached $15,000, and may touch $25,000 ere the books are all cleared up. Of course none of the brokers can be found who ever knew Mr. Bourne to lose money. Gambling in stocks was Mr. Bourne's ruin, and had he never lost money he would have lost his sense of honour. The board of the Montreal Telegraph Company met on Saturday and came to no conclusion as to the Bourne prosecution. It is thought that he has a considerable sum of money, and the Guarantee Company is determined upon his arrest.

A Montreal rough went into the shops of Mr. Hickock, one of the jury who convicted the murderer Hayvern, and said he intended to put a bullet through that gentleman. The police are trying to find the ruffian.

WINNIPEG, Oct. 10.—The Marquis of Lorne goes to Ottawa direct. He will take the steamer for England on the 22nd, remaining two months. The Princess Louise will not likely return, though it is possible she will in the spring. It is understood that this is owing to the state of her health. The Governor-General is delighted with the North-West territory.

The death is announced of Wm. H. Blake, the founder of Port Blake, who about a year ago suddenly left for the "land of the free," leaving a large number of creditors behind. He died of typhoid fever in Illinois.

ST. JOHN, N. B., Oct. 10.—A despatch from Charlottetown, P. E. I., says a fire broke out on Saturday night at Victoria Crapaud. Buildings belonging to Lawrence Lacey, Jas. Day, Thos. Trowsdale, Nelson Stordy, D. W. Palmer, and Charles Wright were totally destroyed. Nothing was saved except a few goods from a store. Trowsdale's loss is the heaviest, being about $6,000; insurance $2,000.

QUEBEC, Oct. 10.—The Allan steamship Corean, Capt. Macdougall, which left port at 4:45 p. m. on Saturday bound for Glasgow with a general cargo and 278 head of cattle, went ashore at Point St. Valier during a rain squall the same evening.

LUCAN, Oct. 10.—Parties were caught in the act of firing Stanley, Dight & Co.'s mills at 11 o'clock to-night. They succeeded in boring four holes through the side of the building and pouring coal oil in the holes, and were in the act of applying the match when they were pounced upon by a constable and a posse of men lying in wait for them. One of the parties escaped to the woods, but Bill Donnelly, Bob Donnelly, Con Carty, his son Patrick, and John Kent have been arrested and are now safe in the lock-up. Other arrests will be made before morning.

MONTREAL, Oct. 12.—The Grand Jury yesterday returned true bills for libel against Hon. Wilfrid Laurier and Mr. C. E. Gagnon, editor of the Quebec *Electuer*, on the complaint of Mr. Senecal, general manager of the Quebec Government railway.

Owing to the depletion of the Bay of Chaleur's lobster fisheries, packers are now turning their attention to Anticosti as a base of operations, and one cannery has already been established on that island.

It is announced on the best possible authority that the Quebec elections will not take place until the spring. In all probability there will be a session of the Legislature before the opening of the campaign.

TORONTO, Sept. 30.—The High and Low Church trouble has developed in the All Saints Church, of which Rev. Arthur Baldwin is minister, and neither party will furnish funds to pay $800 interest account due. Last Sunday there were 500 five cent pieces in the offertory plate.

Among the telegrams announcing distinguished arrivals received by Mayor Herrick last week one was beginning "I, the Lord Mayor of Montreal, and nine aldermen will be in your city," etc. Of course the committees didn't drop their work to prepare for the reception of his Royal Highness, but when he came he shared in the honours that were shown to all important personages. When the carriage loads were made up on Monday, "I the Lord Mayor," was assigned to a conveyance like unto those which carried other guests equally as important. The carriage did not suit him, and he refused to ride in it, remarking, pompously, "I didn't come 700 miles to ride in a ——cart, sir, be —— sir." Meanwhile a thrifty pickpocket went through the Lord Mayor's pocket, and took his gold watch and chain. How "I, the Lord Mayor," got to the cemetery is not recorded.

IRRITATION OF THE SCALP.

An Authentic Testimony.

Gentlemen.—For five years I have been greatly troubled with dandruff, with a severe itching of the scalp, and my hair falling out. I have tried almost every known remedy, all proving worthless. Seeing BURNETT'S COCOAINE and BURNETT'S KALLISTON advertised, I procured a bottle of each, and am happy to state that the dandruff is completely removed, and no itching whatever remains.

A LADY recently deceased aged 99 years and 6 months, mother of 20 children, 10 of whom became parents of large families. There were present at her funeral 200 persons who had a right to call her mother or grandmother. The cause of her long life was attributed to her eccentric and positive movements. She was handsome, powerful, quiet, and reliable, had many friends, in fact we must add with all her excellent points and superiority she was a model of perfection. Her children will retain her revered name as a comfort and a blessing to all nations not excepting British Columbia, The light silent Wanzer. T.W. A CARD.

TO THE EDITOR:—THE *STANDARD* OF THIS morning contains a grave misquotation of the Magistrate's remarks in dismissing the charge against Carmichael on Friday. His Honor is reported as saying that he "believed the defendant guilty." Your report ascribes no such statement to the magistrate, and I am informed that the *Standard* had no reporter in court at the time. Under the very delicate circumstances in which I am placed by the prosecution, I deem this card necessary to prevent a prejudging of the case by the public.

Farmers Attention!

Read the following from *The Colonist* of October 2nd:—

"WE HAVE IN THE LEGISLATIVE COUNCIL SEVEN OR EIGHT CABBAGEHEADS NOT FIT TO BOIL WITH BACON AND AS USEFUL IN THE POT AS IN PARLIAMENT."—*Standard*, yesterday.

As the above is a correct quotation of what we did say it will be kept at the head of this column for the space of one week. We shall be pleased if the "farmers" will give the statement that "attention" which its truthfulness entitles it to. We would remind the organ that it has failed to make good its first charge that *The Colonist* styled the farmers "cabbageheads."

PLACER MINES PAYING WELL.

AN OBNOXIOUS OFFICIAL ARRESTED.

HARRISBURG, ALASKA, Oct. 16—The mail ss California arrived here this morning from San Francisco and way ports several days behind time on account of some accident to her machinery. She landed a quartz mill and several mining men who will go to work on the mill and mines. Times are lively here at present. Everybody is feeling jubilant over the placer diggings which are turning out well.

The citizens held an indignation meeting here to-night on account of the collector, Wm. Governor Morris, refusing to allow the mail steamer to land her cargo at night when she was much behind time. The citizens of Alaska have petitioned president Arthur to have collector Morris removed on account of his over-officiousness, which is a detriment to the shipping interests of Alaska in general.

A GREAT MUSICAL TREAT may be looked for by the people of Victoria on Monday evening next, Hallowe'en, when the grand ameteur concert which has been anxiously looked forward to for some weeks past will be given in the Philharmonic Hall. From the Rev. A. Allen we learn that no pains have been spared to make the concert a great success. This will be the first occasion this season when the leading musicians of Victoria will meet for the rendition of music at once classic and popular. Some fine choruses have been carefully practiced and prepared under the masterly baton of Mr. Austin. We promise for the entertainment that success which it will justly merit.

DIPLOMAS AWARDED.—The B. C. Agricultural Association at the late Fair awarded diplomas to Mr. T. W. Fletcher for the new Singer and the Wanzer sewing machines. Also, a diploma to Mr. W. H. Adams for a Genuine Singer sewing machine.

THE time for receiving tenders for the new wharf at the foot of Yates street has been extended to Thursday next.

What Some People Say.

That the Jersey waist has been declared "vulgar," so the modistes have lately discovered a new material for corsages of dresses. It is flexible like stockinet, and clings to the figure like wax. It is hard to see where the difference is.

That fruit is gold in the morning, silver at noon, and lead at night. Look at Adam, who got into trouble by eating an apple after Eve.

That when a man's money is gone his friends drop off like buttons from a pair of readymade pants.

That the local government organs resemble an asylum of superannuated information.

That France will need 58,000,000 bushels of wheat this year.

That Garfield once said: "Poverty is uncomfortable, as I can testify, but nine times out of ten the best thing that can happen to a young man is to be tossed overboard and compelled to sink or swim for himself."

That the distance to the Driving Park is shortened one-half when a lover takes his sweetheart, because "a miss is as good as a mile."

That a little Scotch girl defined patience to mean, "Bide a wee and dinna fret."

That the "Society," "Knickerbocker" and "three step raquet" dances are no longer considered "nice." The plain waltz only is popular.

That the latest pet in dogs is the Spanish dog. It is a roly-poly thing that looks like a tangled spool of light brown silk, out of which the black shiny eyes peer curiously at you.

That money makes the mare go, but industry applies the whip.

That the man who wants to serve his country must put himself in the line of its leading thought, and that is, the restoration of business, trade, commerce, industry, and political economy, and the man who can add anything in the direction of the accomplishment of any of these purposes is a public benefactor.

That Sterne, who used his wife very ill, was one day talking to Garrick in a fine sentimental manner in praise of conjugal love and fidelity. "The husband," said Sterne, "who behaves unkindly to his wife, deserves to have his house burnt over his head." "If you think so," said Garrick, "I hope *your* house is insured." The moral is that husbands and fathers should encourage their wives and daughters to buy their dry goods at the White House.

B. C. BEEF.—A Victoria gentleman whose family reside at San Francisco sent them by the Idaho on the last down trip a large rib roast. Yesterday the gentleman's wife wrote back to say that the family butcher went into exstacies over the joint; like an artist examining a new picture, and declared that he had not seen such fine beef for many years. By the steamer yesterday the city butchers received orders for several fine joints to be sent to San Francisco.

Municipal Police Court.

[Before Hon. A. F. Pemberton.]

MONDAY, Oct. 24.

The assault case which occurred on Johnson street on Friday night last was again taken up with an amended information.

His Honor stated that in going through the evidence he found he was not justified in trying the case in the Police Court as it was a very serious one. Unless the defendant was therefore desirous of having it tried summarily it would be sent up to the Assizes for trial. The prisoner Lomenon or Eros having signed the necessary requisition the trial was proceeded with.

Mr. T. Davie appeared for the defendant and stated that the assault had been committed. This was not denied; although there were palliating circumstances attending it. The prisoner was a hard working man and had never before placed himself within reach of the law. He was prepared to give evidence as to character.

The information as amended charged the prisoner with an assault with intent to do some grievous bodily harm.

Evidence of complainant as published on Sunday morning was again read.

In cross-examination by Mr. Davie witness said that prisoner was intoxicated; he struck the first blow.

Edward Border, sworn—Was talking with Clark about railroad work on Friday night last on Johnson street; complainant took Clark aside to talk to him and prisoner shoved Clark on one side and asked if he wanted to fight and struck him; prisoner then raised a fuss with plaintiff and said he could lick three men of his size and hit him on the shoulder; both then stood off and sparred for a while and plaintiff knocked prisoner down; after prisoner got up he called plaintiff's attention to his finger, and while he was looking at it prisoner put his arm around his neck and pulled him down; plaintiff then called for assistance; witness saw that plaintiff's thumb was in prisoner's mouth; pulled the thumb out and then the police officer came along and took charge of prisoner.

Mr. T. Davie would call the attention of the magistrate to some extenuating circumstances connected with the case which he trusted would influence him in passing sentence. He then reviewed it at some length and remarked that the prisoner had been punished considerably by being knocked about and being confined in gaol. He would ask his Honor to inflict a light punishment.

Supt. O'Connor stated that prisoner had been up for drunkenness and had attempted to gouge another person's eye out since coming from the railroad works.

His Honor stated that a large number of rough characters were down from the railroad works, and while giving Mr. Davie's remarks every consideration yet such assaults must be put down. Many hard cases were apparently coming up from California and law and order must be upheld.

Prisoner stated that he came from Ontario in April last.

His Honor could not put a smaller fine than $50 upon him or in default two months' imprisonment with hard labor.

Steamship Idaho, Capt. Huntingdon, arrived at 7 o'clock yesterday morning from San Francisco. The trip up was a delightful one, calm and bright weather all the way. Sunday is reported by the captain to be one of the finest days he ever experienced at sea. Cole told me that he smelt something queer aft. I hurried aft and there I could plainly see some fluid scattered over the runners on the passage way between the state-rooms. I sent for second officer Stevens and with his help and that of some of my own men I started to fold up the runners. As soon as I did so the carpets in consequence the friction, I presume, immediately burst out in a blaze, and we threw them on the deck. As they continued to burn, and there was imminent danger of the wharf and other property catching fire we threw the burning carpets into the water, where they continued to blaze until, in fear of the ship being burned, we sunk them." Four bottles of phosphorus and gasoline were found. Two visitors to the ship are suspected and the police are looking for them.

Hon. E. G. Penny, Senator and editor-in-chief of the Montreal *Herald*, died on the night of the 11th inst., at the age of 61. He had been ill for some time, but the end came suddenly at last. Mrs. Penny was so seriously ill at the time of the Senator's death that the sad intelligence was kept from her. The deceased was a native of Hornsey, England, and came to Canada in 1844. He was called to the senate in 1874 by Mr. Mackenzie, and will be best remembered by British Columbians as the senator who was responsible for the defeat of the Esquimalt-Nanaimo railway bill. His action in voting and lobbying against that bill placed Mr. Mackenzie in a most unfortunate predicament and entirely destroyed the influence of the liberal party in this province.

SPECIAL DISPATCHES TO THE COLONIST.

LAST NIGHT'S DISPATCHES.

UNQUIET IRELAND!

The No Rent Manifesto.

THE GOVERNMENT PROCLAMATION DISPERSING THE LEAGUE.

PRECIPITATE FLIGHT OF SOME OF THE BRANCHES.

Vigorous Action by the Government.

IRELAND.

NEW YORK, Oct. 21.—A *Herald's* Dublin special says the facts regarding the preparation and issue of the land league's no rent manifesto are interesting. The resolution declaring that no rent should be paid was decided on Friday night at a private meeting of the executive. Messrs. Dillon, O'Kelly and Biggar voted against the step; but they were in the minority. Mr. J. D. Sullivan and others voted for it. The manifesto was prepared on Saturday and smuggled into Kilmainham jail by a clerk of Mr. McGough, a solicitor of the league at a meeting of the prisoners as they washed themselves during recreation time, when Parnell, Breman, Leston, Kittle and others carried the manifesto in. It was then signed by the members whose names were attached and taken out under the noses of the authorities. Davitt's authority was obtained through a priest or warden in Bortland. The government is so angry at the use made of the solicitor's liberty that it has issued order that doctors and solicitors of prisoners should only visit them in the presence of wardens. Visits of every kind except those of physicians are forbidden for six days. Even Parnell's solicitor is refused admittance. Dr. Kennay has written to the governor of the jail that if he is subjected to this indignity he will no longer attend the jail while the prisoners resolve not to allow the prison doctor to attend them. The guards of the prison have been doubled. Davis has been taken to Dungolk the jail authorities desiring that he should not be able to reveal other doings of the league outside to the prisoners. His arrest was the immediate result of having signed the circular sent to the league branches instructing farmers to issue bogus mortgages and bills of sale of their property and interest in their holdings to shopkeepers and friends in order to prevent landlords from seizing them for rent. This reckless and outrageous step was immediately discovered by the government and the "no rent" manifesto hurried the declaration of the illegality of the league. Yesterday was one of suspense. The land league had fired its "no rent" shot throughout Ireland. By yesterday morning's mail it went in every corner and to every member of the league, with placards printed in big black-bodied type as followed:—"No rent. Parnell, Davitt, Dillon, Sexton, Kettle, Brennan, Eagan."

The proclamation against the land leaguers warns all people that the Irish national land league, or by what other name it may be called, is an unlawful and criminal association, and that all meetings to carry out or promote its designs or purposes are unlawful and criminal, and will be prevented and dispersed by force. The proclamation warns the queen's subjects connected with the league to disconnect themselves from it and to abstain from giving further countenance to it. The powers and resources at the government's command, the proclamation says, will be employed to protect the queen's subjects in the free exercise of their lawful callings and occupations and will enforce fulfilment of all lawful obligations and to save the process of law and execution of the queen's wishes from hindrance or obstruction. It calls upon all loyal subjects to uphold and maintain the authority of the laws and supremacy of the Queen in Ireland. When the news reached the land leagues office of the government's proclamation a hurried council was held, books and documents were secured and letters from the country destroyed. Many books and papers were taken to places of safety, lights extinguished and doors locked. The executive officials decamped, fearing arrest, leaving only a stack of notepaper and envelopes.

Michael Hagan, a farmer of Clare, and Daniel Kennedy and James Daly of Anacosy have been arrested. Derry and Drogheda are proclaimed. Limerick was quiet at 11 to-night.

NEW YORK, Oct. 21.—To-day there will not be an eye in Ireland which has not seen the last decree of the league. To those who watched the grip which the league had upon the agarian population for the last two years, those two words have a terrible significance in opinion of the closest observer. The tenants throughout Ireland obey the decrees. They frustrate all military and official authority. It is beyond doubt illegal and not a member of the league with whom I have spoken but expressed his expectation of the immediate declaration of the dispersal of the league and the arrest of its remaining members. Sullivan said at a meeting Tuesday that this is coming to close quarters. The next card is to be played by the government for landholders now drap out of the conflict, the strike against rents being really a challenge to England itself and directed against her authority and against the union.

BOSTON, Oct. 21.—President Collins, of the land league in America, telegraphs to the *Freeman's Journal* at Dublin as follows: The land league in America expects the people of Ireland to follow the advice of the Irish executive and meet the crisis heroically. You must sacrifice and suffer in the present to win in the end. Upon the first eviction a special fund will be raised to help you roar for justice for Ireland.

DUBLIN, Oct. 21.—Land league officials were seized with a panic when the proclamation against the league became known. It is believed the government intends to make arrests of members of the league in England. It is all over with the league. One hundred thousand copies of the *United Ireland* land league organ have been distributed throughout Ireland with a cartoon of an atrocious character representing the government and the premier practising every form of brutality.

MIDNIGHT DISPATCH.

AFGHANISTAN.

LONDON, Oct. 24.—A despatch from Quetta confirms the report of the occupation of Herat by a force under the Ameer's general Abdul Nudas Khan.

IRELAND.

LONDON, Oct. 24.—Several more arrests under the coercion act were made in Ireland to-day including Miss Hobnett, of Ballydapole, for persisting in exhibiting a copy of the "no rent" manifesto in the window of her house.

ENGLAND.

LONDON, Oct. 24.—Miss Mabel Wilberforce was found guilty of perjury to-day and sentenced to nine months' imprisonment with hard labor.

At Newmarket to-day the flying stakes were won by Lightning, Candahar 2nd, Ciniment 3rd. The Criterion stakes were won by Bruce, Nellie 2nd, St. Marguerite 3rd.

DELAYED DISPATCHES.

EUROPE.

LONDON, Oct 19.—The first-class double-turreted ironclad Inflexible, carrying four 81-ton guns, will probably make her trial trip to the Irish coast, thereby making a great increase in the naval force available in event of disturbance.

NEW YORK, Oct. 19.—The *Herald's* St. Petersburg cablegram says: The report of the accouchment and transportation to the Fortress of Schlesburg of the prisoner Hessy Helfmann, is untrue. She is still in Fortress Petropolopsky. She will be confined this month or next.

The Grand Park of the Imperial residence at Gatschina and the approaches to the palace are now brilliantly illuminated with electric light, to guard against nihilists.

DUBLIN, Oct 19.—During the rioting here last night a number of passengers in the train that was attacked were wounded. The police captured many prisoners.

Longworth Daines, who recently inherited estates in Westmeath county, has deducted one-fifth of the rent of his tenants and promised to reside upon the estate himself and to consider further deductions. His tenants paid their rents readily and cheered their landlord.

Forty policemen are now disabled from injuries received in the recent riots.

LONDON, Oct 19.—The *Times* says that it would be unwise to take the League manifesto too seriously or too literally. The Irishmen habitually say a good deal more than they mean. There is a suspicious hollowness in its ring of defiance, and a consciousness of real defeat in the very audacity of its recklessness and impracticable counsel.

The land league meeting's last manifesto is signed by Parnell, Kettle, Davitt, Brennan, Dillon, Sexton and Eagan.

EASTERN STATES.

BRADFORD, PA., Oct 10.—Exercises in connection with the Methodist Conference were held here last night in the large church. Bishop Barrie was presiding, and the building was packed. Towards the close of the sermon a woman in the gallery fainted. An alarm was given that the gallery was falling. This was followed by a rush for the various exits, in which men, women and children joined. Many were trodden under foot and seriously injured. When the panic was at its height somebody yelled fire. The department and a thousand citizens rushed to the scene and quiet was restored.

The Philippines.

Manila exchanges give particulars of the disastrous typhoon of August 19th:—

The vortex was about 40 miles to the north of Manila. The destruction among the small crafts was immense. The British ship Titania, Capt. Townsend, which arrived on the 18th from Cardiff, with a cargo of coal, went ashore near the Malecon, where she is probably stranded on sand. The Masonic, also, it is said, went ashore in Cavite, where she had been anchored for some time. On shore the destruction was also great, especially to houses of light construction. According to the estimate of the Director of the Observatory of Manila, the force of the wind reached sometimes the velocity of 100 miles.

To augment the series of catastrophes that succeeded each other, a destructive whirlwind was reported to have occurred in the village of Polo, near Bulacan, causing great destruction to a place named Malbolo. Nearly the whole of the houses of light construction were razed to the ground, and two of stone suffered a like fate.

On August 14th, at Manila, an earthquake occurred. The front of the church of Mariquina, which was left in a damaged state last year, came to the ground, bringing down the dome. At this place the earthquake was of great violence.

At the Mayon volcano a new crater has opened.

Japan.

The total population of Japan is 35,925,311. The populations of the Bonin Islands and of Okinawa are not, however, included.

Cholera is reported from various parts of Japan, and it is to be hoped some decided steps will be taken to prevent a recurrence of the ravages made by that dire disease in 1877.

His Imperial Highness Prince Nashimoto died at Kyoto on the 1st September.

Rumors are rife of a murderous piracy having been committed in the Hainan straits. A boat with seven corpses in it was found beached.

A Tremendous Lifter.

The colossal crane or derrick—the most powerful in the world—which has been in process of construction for several years at the Royal Arsenal, Woolwich, England, is now an accomplished fact. The size of this apparatus may be judged when more than 1,800 tons of iron have been used in its manufacture, while the brass bearings also amount to more than three tons. The design has been that this monster crane should be capable of lifting three of four 100-ton guns at once; the purpose, however, for which it has been mainly provided is not to do work which other appliances could accomplish in detail, but rather to meet the probable necessity of dealing with pieces of ordnance so enormous as to defy all the means at present available for mounting them in their carriages. The motive power is steam, and although calculated to raise 1,200 tons in case of need, the apparatus is also fixed for raising small weights at accelerated speed, and thus adapted in many instances, to facilitate the ordinary operations

DEATH IN THE COFFEE POT.—The public are cautioned against purchasing imported California ground coffee. Its cheapness is its only recommendation. The ingredients are of the vilest description, as anyone using it will discover should he examine the grounds. During the perihelia of the planets people should be careful what they eat and drink. Don't allow your grocer to palm off his trash upon you, because it pays him better to sell it than the good article. Ask for FELL & Co.'s Coffee and take no other. *
